

## The Admissions Process

Applicants are encouraged to apply as early as possible, up to one year in advance of the desired matriculation date. The Graduate School will accept domestic applications for admission and supporting documents as late as the following dates:

Fall semester	July 1
Spring semester	November 15
Pre-summer session	April 1
Summer semester	May 1

International applicants must meet earlier deadlines:

Fall semester	April 15
Spring semester	October 15
Summer semester	February 15

It is important to note that departmental deadlines may supersede Graduate School general deadlines. Certain programs may require earlier application deadlines or limit admission to designated semesters. Applicants are urged to contact the college or school to which they wish to be admitted for specific information.

Applicants who wish to be nominated for the Graduate School assistantship competition must be admitted as prospective degree candidates by February 15. Therefore, all general application materials must be received in Graduate School Admissions by January 1.
